Buenos días Denise,

I am trying to contact someone in AEE to ask for them to fix the street lights at the Pedernales Industrial Park but haven't been able to contact the engineer. My contact is Ing. Ruiz at 787-892-1334. Do you have any contacts in the San German region? Did you had any communication with Ariel Vargas the San German Regional Office Manager?

Gracias,

Frances Delano, P.G.
